THE UNIFIED DIGITAL ECOSYSTEM FOR MODERN MASJIDS

Bridging the sacred prayer hall with seamless technology. Commercial-grade 32", 43" & 55" displays engineered with tamper-proof sanctuary display lockdown, offline prayer calculations, on-screen MasjidConnect App QR, and seamless cloud synchronization.

AUTOMATED "SILENCE MOBILE PHONES" SHIELD

The moment Iqamah begins, the display automatically alerts the entire congregation to silence their phones, preserving sacred khushoo.

- Bilingual Prompt: "الصلاة قائمة - براه مهرباني" & "Salah in Progress - Please Silence Mobile Phones".
- Active Prayer Synchronization: Displays remaining time until next prayer while keeping worshippers focused.
- Autonomous Dimming: Dark midnight blue background prevents light distraction in darkened prayer halls.

CONGREGATIONAL POST-PRAYER DHIKR SLIDES

Immediately following Fard prayer, the display autonomously cycles through the authenticated Masnoon Azkar sequence.

- Tri-Lingual Spiritual Guidance: Large Arabic calligraphy, English phonetic transliteration, and Urdu translation.
- Sequential Progress (11/12): Guides worshippers through Surah Al-Falaq, An-Nas, and Ayat al-Kursi.
- Autonomous Return: Seamlessly transitions back to the primary timetable once Azkar concludes.

ARCHITECTURAL WALL-RECESSED SANCTUARY DISPLAY

Engineered for seamless flush integration beside the Mihrab without exposed wiring, providing pristine legibility across long distances.

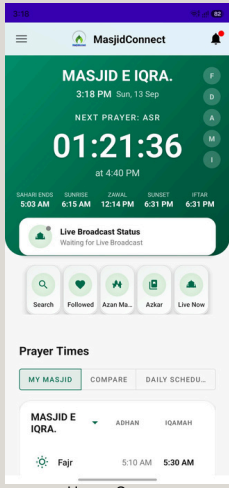

- Mihrab Alcove Alignment: Natural flush fit with modern sacred architecture.
- Anti-Glare High Luminance: Ultra-wide viewing angles visible under direct hall lighting.
- Tamper-Proof Sanctuary Lock: Prevents volume changes, app crashes, or accidental remote switching.

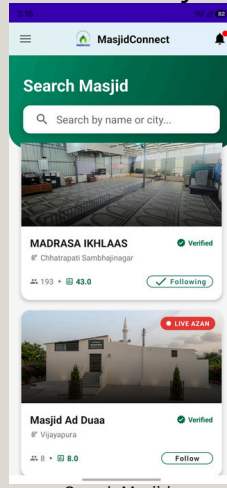

Translation Languages - Urdu, English, Hindi, Kannada, Marathi, Bengali, Tamil, Telugu.. more to come...
